Digital Portfolio

Student Name :LAKSHMI R

Register No NMID: asunm1301222404445

Department :BSC COMPUTER SCIENCE

College/University: A.M.JAIN COLLEGE

Project Name: MY PORTFOLIO

Agenda

- Problem Statement

- Project Overview

- End Users

- Tools & Technologies

- Portfolio Design & Layout

- Features & Functionality

- Results & Screenshots

- Conclusion

- GitHub Link

Problem Statement

- Many students struggle to showcase their skills and projects effectively.

- Traditional resumes are static and do not highlight practical work.

- Lack of a centralized portfolio makes it harder for recruiters to evaluate.

Project Overview

- A Digital Portfolio Website to showcase projects, skills, certifications, and personal achievements.

- Helps in professional visibility and career opportunities.

End Users

- Students and Job Seekers

- Recruiters & HR Teams

- College Placement Cells

- Freelancers showcasing skills

Tools & Technologies

- Frontend: HTML, CSS, JavaScript, React

- Backend: Node.js / Express.js

- Database: MongoDB

- Version Control: Git & GitHub

- Design: Canva, Figma

Portfolio Design & Layout

- Modern, responsive design

- Sections: About Me, Skills, Projects, Contact

- Mobile-friendly layout

- Easy navigation with smooth UI/UX

Features & Functionality

- Interactive project showcase

- Downloadable resume

- Contact form integration

- Social media links

- Responsive across devices

Results & Screenshots

- Live portfolio deployed online

- User-friendly and professional look

- Increased recruiter engagement

- Insert screenshots of your portfolio website here.

Conclusion

- Digital Portfolio makes students job-ready
- Provides visibility to recruiters
- Encourages continuous skill documentation
